## Calli®

### THE BENEFITS OF GREEN TEA...AND MORE

Calli® is a unique herbal beverage made from a proprietary blend of green tea and herbal extracts. Sunrider's unique concentration method enhances the release of tea catechins, bioflavonoids, and other potent antioxidants in a way not possible with traditional grinding. Calli's exclusive formula provides potent antioxidant protection against free radicals and helps support the body's natural processes of cleansing and elimination. Calli® is made with natural ingredients and contains no fat, cholesterol, or artificial sweeteners. Delicious hot or cold, it makes a healthy replacement for coffee, tea, latte, and cola.

### PHILOSOPHY OF REGENERATION®

The formula for Calli® is based on the Philosophy of Regeneration®—the belief that we should nourish and cleanse the body with the best nutrition to reach balance, and thus optimal health. Calli® supports the body's natural cleansing process, refreshing and hydrating your body with a delicious blend of herbal nutrients and antioxidants.

Most beverages are simply juices, ground-up leaves, or sugary water. Calli® is a "super beverage" because of our high-tech, trade-secret process. To make Calli®, we extract and concentrate the beneficial elements of *Camellia sinensis* to form a concentrated herbal base. Then we spray-dry a proprietary blend of concentrated herbal extracts onto the base. This unique process enhances the release of natural antioxidants from the herbs and improves the delivery of vital micronutrients.
